Curated wholesale catalog of 100% authenticated designer handbags.

This catalog presents a selection of representative models we work with on a daily basis, along with our general wholesale pricing framework.
It is intended as a reference to illustrate our sourcing capabilities and pricing level, and should not be considered a fixed inventory list (as it reflects only a limited selection of the models and brands we handle, while our actual offering is significantly broader).

Our inventory is highly dynamic, with new pieces sourced and introduced on a daily basis.

Should our pricing align with your expectations, we invite you to connect with us directly via WhatsApp, Zoom, Instagram, email, or phone.
