WHOLESALE PRICE LIST

CATALOG
Luxury Handbags

EDITION
2026

Curated wholesale catalog of 100% authenticated designer handbags.

This catalog presents a selection of representative models we work with on a daily basis, along with our general wholesale pricing framework.

It is intended as a reference to illustrate our sourcing capabilities and pricing level, and should not be considered a fixed inventory list (as it reflects only a limited selection of the models and brands we handle, while our actual offering is significantly broader).

Our inventory is highly dynamic, with new pieces sourced and introduced on a daily basis.

Should our pricing align with your expectations, we invite you to connect with us directly via WhatsApp, Zoom, Instagram, email, or phone.

Our team will promptly provide current availability and personally assist you in selecting the most suitable pieces.
